January is National Radon Action Month

Radon is a colorless, odorless, radioactive gas that occurs naturally from the breakdown of uranium.

You can't see or smell it; testing is the only way to know your level of exposure. Radon has been found to be the leading cause of lung cancer among nonsmokers. The gas enters through cracks in homes, buildings and schools and exposes people to the radiation. Testing is easy and inexpensive. Radon test kits may be obtained at your local hardware store, online or at the American Lung Association of ND.

January is Cervical Health Awareness Month

Cervical cancer screenings can help detect abnormal (changed) cell early, before they turn into cancer. Most deaths from cervical cancer could be prevented by regular Pap test and follow-up care. Schedule your Cervical Cancer Screening today by contacting your local healthcare provider!

Caution as snowplows clear roads

The North Dakota Highway Patrol (NDHP) and North Dakota Department of Transportation (NDDOT) urge motorists to exercise caution while snowplows are working to clear highways.

In an eight-hour period on Wednesday, Dec. 26, NDHP investigated five crashes involving snowplows. In four separate crashes, vehicles rear ended snow plows on I-94 near Richardton; on I-94 near Hebron; on I-94 near Steele and on Highway 85 near Williston. Minor injuries were reported in the Steele and Richardton crashes.

Two additional crashes were the result of drivers attempting to pass snowplows engaged in road clearing and struck other vehicles as they attempted to pass the snowplow. One crash within that timeframe occurred on I-94 near Hebron, where no injuries were reported. A second crash on Thursday, Dec. 27, occurred on Highway 22 north of Killdeer. A driver was killed in that crash.

Motorists are reminded to drive with caution around snowplows and follow these safety tips:

- Slow down and drive according to the conditions
- Stay back at least five car

lengths behind the snowplow. Be patient, the driver will periodically pull over to allow traffic to pass • Never drive through "white-outs" or "snow fog" caused by cross winds or plowing snow. Wait until you can clearly see your surroundings • Know where the snowplow is on multi-lane roadways, and remember the plow could be in either lane or on the shoulder The NDHP and NDDOT remind drivers to always drive according to conditions, make sure all passengers are wearing seat belts, and to drive distraction-free

This will be our final bull sale ...
 After much thought and soul searching, we have decided this will be our last bull sale. We will remain in the purebred Angus business, but will find alternative marketing options for our bulls and females.

We appreciate your dedication to the Reich Angus program the past 20 years and value the friendships and partnerships that we have gained. Your support and trust in our genetics will always be cherished.

Please join us on Saturday, Feb. 16, for our 20th Annual - and final - Bull Sale.
