This bill directs the School Land Trust Board to use some of the \$4 Billion currently (invested in Wall Street securities - none of which are in our common schools) in the common school trust (growing at almost \$500 million annually) to follow the ND Constitution and pay for the provision of all common schools in North Dakota.

- It is time our CHILDREN'S EDUCATION COMES FIRST, NOT WALL STREET FUND MANAGERS. Last year we paid Wall Street fund managers over \$18,300,000 to manage our own money - not a dime of these funds were used for our schools. Over the last 7 years these fund managers were paid over \$100 million - none of it invested in our schools.

- The ND Constitution states, "The Legislative assembly shall provide (not the school district) for a uniform system of free public schools throughout the state..." (Article VIII, Sec. 2). The ND Constitution states, "The Legislative assembly shall be prohibited from raising revenue to defray the expenses of the state through the levying of a tax on the assessed value of real or personal property."

We are sorry and embarrassed. Mostly, we are sorry for the recent outages that took place starting on January 10th. We know we didn't live up to the standards that we set for ourselves and for you. We are more committed than ever to insure nothing like this happens again.

We are truly sorry for the frustration and inconvenience that you experienced. I personally want to thank all of you, the best members in the world, for your patience and understanding during what was a "rough stretch" for all of us.

Sincerely,
