Thank You

I would sincerely like to thank everyone for all their kind words and support with Dave's sudden passing. It has made it so much easier in getting through this difficult time. I also really appreciate all the memories people have shared with me in person, in facebook posts and in cards about Dave. I have read them all and they mean alot to me.

A big thank you to all the

friends and family for all the great food and other items they brought over, and for the flowers that were sent. Everyone has been so generous.

Also thank you to everyone who was able to come to Dave's "celebration of life". He would have been "blown away" by the outpouring of love.

Thank you to all who generously gave memorials in honor

of Dave. All memorials will be sent to Mental Health America of ND.

While Dave died suddenly from a blood clot, he had suffered many years with his mental disease. Hopefully, this money can help some people who are also suffering with this debilitating disease.

As Dave would say, "next time I see you...it will be later"

HEALTHY HAPPENINGS

Sun Safety Month

According to the Sun Safety Alliance, sun exposure leads to many health concerns, including aging and potentially cancer, yet only about 20% of Americans use sunscreen daily. Remember the importance of protecting yourself from the harmful rays of the sun. Protect yourself by using sunscreen year-round, avoiding reflective surfaces and mid-day sun, wearing protective clothing and reapplying sunscreen often.

Men's Health Month

Remember these tips: get a health check-up, be active, eat healthy, have your blood pressure checked, and get screened regularly for prostate cancer, colorectal cancer and diabetes. Men, if you haven't had your yearly physical exam, call your CCHC Clinic today and schedule an appointment!

Summer BBQ Safety Tips

Clean: Make sure to always wash your hands and surfaces with soap and warm water for 20 seconds before cooking and after handling raw meat or poultry during cooking.
Separate: When taking food off the grill, use a clean platter. Don't put cooked food on the same platter that held raw meat or poultry.
Cook: Always use a food thermometer to check the internal temperature of burgers, steaks, chicken, and foods containing meat or poultry.
Chill: After a cookout, place leftovers in shallow containers and refrigerate or freeze immediately. Remember, when in doubt, throw it out!
