Walk-ins welcome

WallBuilders is an organization dedicated to presenting America's forgotten history and heroes, with an emphasis on the moral, religious, and constitutional foundation on which America was built - a foundation which, in recent years, has been seriously attacked and undermined. In accord with what was so accurately stated by George Washington, we believe that "the propitious (favorable) smiles of heaven can never be expected on a nation which disregards the eternal rules of order and right which heaven itself has ordained."
