# DAKOTA RECREATION REPORT

BY PATRICIA STOCKDILL

### Outdoor Notes:

\*Blue-green algae is still present in some area wetlands and lakes so watch water conditions before allowing hunting dogs into the water. It's deadly and death can occur in minutes.

\*Please park out of the way of other vehicles and farm equipment on prairie roads and trails.

\*Oct. 22: Pronghorn season closes.

\*Oct. 28: Halloween Hike, Evening Hike Series, Fort Stevenson State Park, Garrison, 7 p.m.

\*Nov. 3: Dakota Roughriders Friends of the NRA banquet, Baymont Inn, Mandan, 5 p.m.

\*Nov. 6: Fall crow season closes.

### Fishing:

Lake Sakakawea elevation, Oct. 16: 1,840.11 feet above mean sea level; 17,000 cubic feet per second (CFS) Garrison Dam average daily releases.

Missouri River gauge height, Stanton: River stage, 7.24 feet.

Missouri River gauge height, Washburn: River stage, 8.74 feet.

\*N.D. Game & Fish Dept. game wardens: Not much activity on Lake Sakakawea although Deepwater Bay producing some walleye. No Missouri River reports.

\*Lakes Audubon & Sakakawea, Cenex Bait & Tackle, Garrison: East end of Lake Sakakawea slow with better success farther west around New Town.

\*Lakes Audubon & Sakakawea, Hwy. 83 Lawn &

Leisure, Garrison: Not many anglers out and the east end of Lake Sakakawea remains slow with the walleye taken still found in deeper water around 40 to 50 feet.

\*Lake Sakakawea, New Town: Fewer anglers out but those going to the river around New Town are finding some walleye activity. Van Hook Arm remains slow.

\*Missouri River, Dakota Tackle, Bismarck: Look for small-mouth bass activity on Lake Audubon with better success towards evening.

\*Missouri River, Enerbase of Washburn: No new reports from the Missouri River or area lakes.

\*Missouri River System, Scott's Bait & Tackle, Pick City: Missouri River tailrace remains slow during the day from both boat and shore with somewhat better success at night. Small walleye success continues in the spillway channel, however.

Sort through for any keepers. East end of Lake Sakakawea slow for salmon during the day with occasional success. Look for cooler nighttime temperatures to bring spawning salmon closer to shore. Some success at night in dark hours, however.

Try crankbaits from boats working top-water down to 70 feet along the face of the dam and adjacent bays. Walleye remain deep in 30 feet and deeper. Fish are a little shallower around Beaver Bay and west. Not many walleye anglers out in general,

though.

\*McLean Co. area lakes, Cenex of Wilton: Little activity throughout area lakes.

### Hunting:

\*Deer: Somewhat slow activity but that should change once the rut begins.

\*Turkeys: Fair to good numbers for hunters along the Missouri River.

\*Upland: Continued fair success.

\*Waterfowl: Increasing numbers of snow geese moving into northwest N.D. along with northern mallards. Migrating ducks still mostly north of N.D. Hwy. 23 but more goose numbers south of the highway. Increasing waterfowl numbers in east-central N.D., as well, but not much movement around Devils Lake and west-central N.D. Some birds moved through earlier across north-central N.D. but moved out and little northern migration in its place with mostly local birds in that area.

### Numbers to know:

\*N.D. Game and Fish Dept., main Bismarck office: (701) 328-6300, website: (<http://gf.nd.gov>).

\*N.D. Game and Fish Dept., Riverdale office: (701) 654-7475.

\*Report All Poachers: (800) 472-2121 or (701) 328-9921.

\*Friends of Lake Sakakawea, the region's only organization working for quality lake access, weed control and effective partnerships, ([www.lakesakakawea.com](http://www.lakesakakawea.com)).

Progressive Agronomy company in Max, ND is in search of a Sales Agronomist. Candidates must have a proactive and energetic approach to sales, and be committed to helping customers maximize both yields and profits. This person must be passionate about agriculture, possess a competitive spirit and positive attitude, and be able to develop strong customer relationships. The right person for this position will be prepared to work hard and make a positive impact for our existing customer base, and eager to identify and pursue new clients who can benefit from our services.

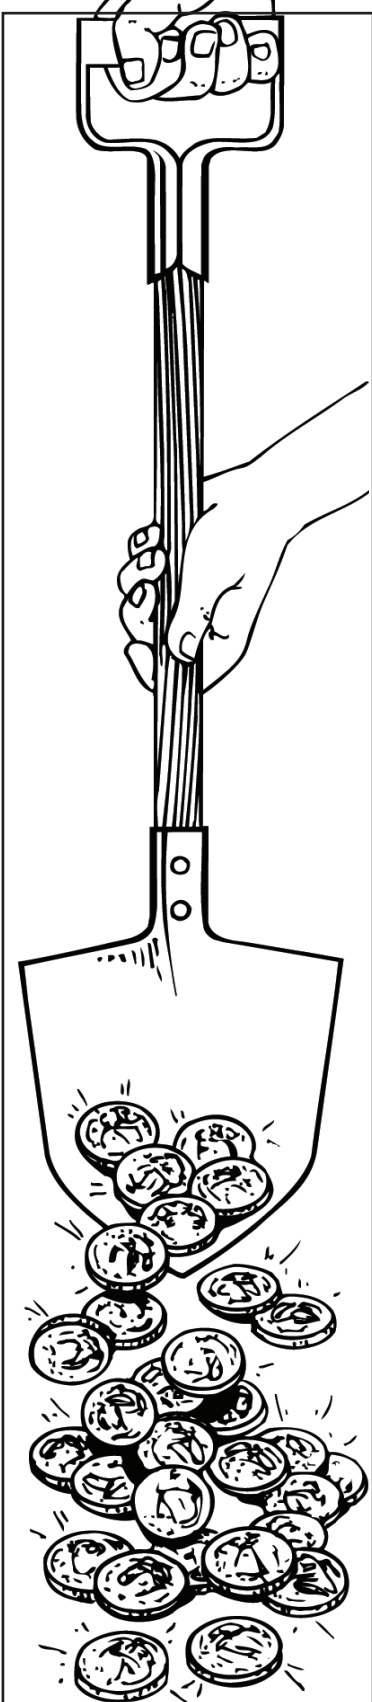

Compensation package includes above-average salary, health insurance, vacation, sick leave, 401k, performance bonuses, ongoing professional development opportunities, company vehicle, and much more. We pride ourselves on our family atmosphere and best-in-class service to our customers. We are excited to take our company to the next level in the rapidly changing agriculture industry – are you ready to join us?

Call Galen at 701-679-2578 or email your resume to [agserve@restel.com](mailto:agserve@restel.com)
