### Lilo & Stitch, PG

A tale of a young girl's close encounter  
with the galaxy's most wanted extrater-  
restrial. Lilo is a lonely Hawaiian girl who  
adopts a small ugly "dog," whom she  
names Stitch. Stitch would be the per-  
fect pet if he weren't in reality a genetic  
experiment who has escaped from an  
alien planet and crash-landed on Earth.  
Through her love, faith and unwavering  
belief in ohana, the Hawaiian concept of  
family, Lilo helps unlock Stitch's heart and  
gives him the ability to care for someone  
else. 1h 48m, Comedy/Sci-fi 2025.

The city of Center is expected to meet this week with its engineer and possibly Southwest Water Authority to determine whether the city's south water tank needs to be decommissioned after residents experienced low or no water pressure last week.

City Auditor RaShell Simenson began receiving calls early last week of low water pressure to several homes. After investigating, the city discovered a valve on a water line malfunctioned, leading to the city having to issue a boil water order in effect June 5, while a city crew made a water line repair on the east side of the city, temporarily shutting off water service for some residents.

MAKING THE WORST A LITTLE BETTER

In life, there are things beyond our ability to control or predict. That is just a reality.

But, to an extent, it is possible to plan for the unexpected. To be aware that there is a chance, however unlikely, that a tornado might hit your house, or a chemical spill out from a derailed train, or a cyberattack lead to an extended power outage.
