PLANT ENVIRONMENTAL SUPERINTENDENT

Milton R. Young Power Plant

Minnkota Power Cooperative is seeking qualified applicants for a **Plant Environmental Superintendent** at our Milton R. Young Power Plant near Center, ND. The Milton R. Young Station is a two-unit coal-fired power plant, providing a stable energy source for our cooperative member-owners. The station is located 35 miles from Bismarck, North Dakota, a growing and progressive city with many recreational opportunities. The Plant Environmental Superintendent is responsible for providing leadership with daily oversight, direction, and guidance for the proper operation and maintenance of all pollution control devices and other equipment located at the Milton R Young Station. Compliance with environmental laws and regulations, development of compliance strategies, and the administration of various environmental programs including air quality, solid waste, water effluent, potable water, and others. This position supervises Environmental Engineer(s), Plant Engineer(s) and Environmental Specialists in the Plant Environmental Department and will assist the plant leadership in ensuring achievement of key operating objectives in the areas of employee safety, employee relations, project management, profitability, unit availability, efficiency, equipment safety, and reliability in full compliance with all applicable laws, regulations, policies, and procedures. This position requires a bachelor's in science degree in Engineering or a related Science discipline from an ABET-accredited university. Progress towards professional licensure is preferred. Must have a valid driver's license and be able to meet the physical and mental requirements of the position.

On-line applications can be found at www.Minnkota.com. Resumes will not be accepted without a completed application.

Closing date to submit applications is January 18, 2026.
