Medora: Empress of the Badlands

The Marquis de Mores and his beautiful new bride Medora step off the train into 1883 Dakota Territory with dreams of building a new home, a new town, and a meat-packing empire the like of which has never been seen before. Little did they know the odds they would face: prejudice and persecution from local ranchers; sabotage from beef trusts in the bigger cities; violent attacks from local roughnecks bent on killing them or driving them from Dakota Territory once and for all. Based on the incredible true story. 2h 18m
