Home
SCT:22 TWN: 147 RNG: 081 LOT 2
PART OF LOT 2 – 22-147-81

This is a 1 ½ story home built in the 1930's located on 21 acres (+/-) in McLean County. This home has a deck to watch the sunset or wildlife in their natural habitat. The deck does have a canopy for shade on those hot summer afternoons. There is 1 bedroom on main floor and 3 bedrooms upstairs. The home has 1 3/4 bath on the main floor with lots of storage. This home has a 3-season enclosed porch, propane heat and central air. The 36X45 Morton Building was built in 1984. There is also a barn and other outbuildings.

Property taxes for 2025 were \$1,600.13.

This property is in the heart of lake country, a sportsman's paradise. There are many mature trees, near by hunting and fishing opportunities.

The property is located 5 miles from Turtle Lake; approximately one hour from Bismarck and Minot.

TERMS & CONDITIONS: \$25,000 non-refundable deposit day of sale. Balance due 45 days or sooner from sale date.
Transfer will take place by warranty deed.

PLANT ENGINEER

Milton R. Young Power Plant

Minnkota Power is seeking qualified candidates for a **Plant Engineer**, preferably with a **Bachelor of Science degree in Mechanical Engineering** although other majors will be considered, at the **Milton R. Young Station** located near Center, ND. The Milton R. Young Station is a two-unit coal-fired power plant, providing a stable energy source for our cooperative member-owners. The station is located 35 miles from Bismarck, North Dakota, a growing and progressive city with many recreational opportunities.

- Coordinate the preparation of construction drawings and specifications for plant process equipment.
- Design and installation of new and replacement equipment.
- Work with consultants and contractors as necessary to accomplish engineering objectives.
- Troubleshoot existing systems with operations and maintenance to resolve safety or production problems with engineered solutions.
- Identify technical and operational training needs and initiate action on capital and O & M projects.
- Monitor work activity to ensure it is being done in a safe manner and in compliance with current regulations.
- Assist in record keeping of system work order files, standard drawing and data files.
- Analyze plant data and provide recommendations.
- Monitor and recommend new technology which could improve the efficiency, reliability, availability, and longevity of the power plant.
- Provide engineering support to other departments as required.

A degree in mechanical engineering is required, though related education may be considered. We welcome candidates at all experience levels, including recent graduates and experienced engineers. Previous industrial experience with fixed equipment, particularly piping systems, boilers, and heat exchangers, is preferred but not required.

The salary range for Plant Engineer I begins at \$74,130 per year; Plant Engineer II salary range begins at \$95,226; Plant Engineer III salary range begins at \$106,594; Plant Engineer IV salary range beings at \$119,579; and Senior Plant Engineer salary range begins at \$133,647. Appropriate pay will be determined based on candidate’s skills, education, and previous relevant experience.

Minnkota Power Cooperative makes career growth and development a priority by creating a challenging and rewarding work environment. For more information regarding this job and our online application go to www.Minnkota.com. Resumes will not be accepted without a completed application.

Minnkota Power Cooperative is an EEO/AAP/Female/Minority/Disabled/Vets Employer

NOW HIRING - EQUIPMENT OPERATOR II & EQUIPMENT OPERATOR III

Full-Time | 40 Hours Per Week
Excellent Benefits | Work-Life Balance

Are you ready to build a long-term career in County Government? We are seeking skilled and dependable Equipment Operator II and Equipment Operator III professionals to join our Highway Department based out of Washburn. This is more than a job — it’s an opportunity to grow your career while serving your community.

If you take pride in operating heavy equipment safely and efficiently and want to work for an organization that values development, stability, and work-life balance, we encourage you to apply.

Position Summary

Ideal candidates will operate a variety of heavy equipment to support county projects, including road maintenance, construction, and snow removal. If you have experience with heavy equipment operation and a strong work ethic, we encourage you to apply. The new team member must live within 60 minutes travel time of Washburn.

What We Offer

- Full-time flexible schedule — 40 hours per week
- Great employer-paid benefits, including family medical and retirement
- Paid holidays
- Generous vacation leave
- Paid sick leave
- Stable, year-round employment
- Strong commitment to work-life balance

Why Join Us?

If you are a motivated equipment operator looking for steady work and excellent benefits, we want to hear from you.

Applications will be reviewed on a rolling basis until the positions are filled. Preference will be given to applicants with prior experience, a high school diploma, and a Class A North Dakota Driver’s License with tanker and air brake endorsement. Starting base salary range for the Equipment Operator II level is \$53,928.56 - \$59,196.58 per year based on experience. Starting base salary range for the Equipment Operator III level is \$61,108.53 - \$67,068.11 per year based on experience.

For further information on the position or to apply, call (701) 462-8801; email lfoss@nd.gov; or visit www.mcleancountynd.gov/ employment. Résumés may be included with the application but will not be accepted in place of an official application.

The McLean County Highway Department is an Equal Opportunity Employer. Apply today and build your future with us.

PLANT SPECIALIST
Milton R. Young Power Plant

Minnkota Power is seeking qualified candidates for a **Plant Specialist** with an **Associate of Science in an applicable field** although other education will be considered, at the **Milton R. Young Station** located near Center, ND. The Milton R. Young Station is a two-unit coal-fired power plant, providing a stable energy source for our cooperative member-owners. The station is located 35 miles from Bismarck, North Dakota, a growing and progressive city with many recreational opportunities.

- Coordinate the preparation of construction drawings and specifications for plant process equipment.
- Installation of new and replacement equipment.
- Work with consultants and contractors as necessary to accomplish engineering objectives.
- Troubleshoot existing systems with operations and maintenance to resolve safety or production problems with engineered solutions.
- Identify technical and operational training needs and initiate action on capital and O & M projects.
- Monitor work activity to ensure it is being done in a safe manner and in compliance with current regulations.
- Assist in record keeping of system work order files, standard drawing and data files.
- Analyze plant data and provide recommendations.
- Monitor and recommend new technology which could improve the efficiency, reliability, availability, and longevity of the power plant.
- Provide engineering support to other departments as required.

A degree in a technical field is preferred but not required. Relevant education, training, and practical experience will also be considered. Candidates at all experience levels are encouraged to apply. Previous industrial experience with rotating equipment, particularly vibration monitoring, condition monitoring, lubrication systems, and lube oil analysis is required.
